STRYDO
TECHNOLOGIES PVT. LTD.

Strydo technologies pvt.ltd is started in the year 2012, having its branches in Chennai (Tamilnadu), Vellore (Tamilnadu) & Tirupathi (AP). We provide it training, research and development projects, internship, web development, placement assistance, academic projects, faculty development program and technical workshops. We enhance individuals through efficient training methodologies to have a better scope and ideas for their future. It is always important to set up smart goals to achieve our long term vision and the most of us are left helpless in those situations. Our Experienced Professionals teach you the S (Specific), M (Measurable), A (Accurate), R (Reliable), T (Timely) way to approach your goals.

We believe that when it comes to training, you need to develop true competence in new skills, not just receive an overview of ways and techniques. The best way to assure competence is through facilitated hands on practice. Our students spend at most of their time in class performing structured hands on lab exercises that build competence, confidence and clarity. We have professionals with great experience to train an individual and bring out their best in area of innovations, creativity and efficiency. We served thousands of clients for the past years with great and efficient results.

MESSAGE FROM MD'S DESK
